ABOUT US

Who We Are

Xtream Vision Electronics Trading LLC is a prominent enabler in providing cutting-edge technologies to clients across the Middle East and Africa. Our core business is the distribution of innovative IT products, IT consultancy, product training, and technical services. Being an influential force in the Telecommunication & Computer Networking Industry, we have ambitiously branched out to industries of Home Automation, Surveillance, and Security. Based out of UAE, we have developed a partnership with prestigious companies who share our vision throughout the MEA region to serve the end user with the best possible experience. We have grown from humble beginnings in August 2015, & currently supplying products directly to over 600 Integrators, 12 ISPs, and over 110 resellers.

PRINCIPLES OF MANAGEMENT

MISSION

Our mission is to pave way for a better tomorrow by utilizing high quality products that enhance the lives of many directly or indirectly. We provide an original approach by acting as a liaison between the end-user, hardware and software providers.

VISION

Our Vision is to become the world's preferred supply IT Solutions Company applying insights, quality service and innovation to create sustainable growth for business and society. To obtain this goal we have upgraded to exceed the expectations of the clients by presenting excellent customer service, increased flexibility. We have optimized our system functionality and improved operation efficiency.

CORE VALUES

Since 2015, the core values of our company and its policy has been intact to help ensure that all our employees are working towards the same goal. Our core values support our company's vision and shape our culture.

OUR SOLUTIONS

Full-fledge technology & operation

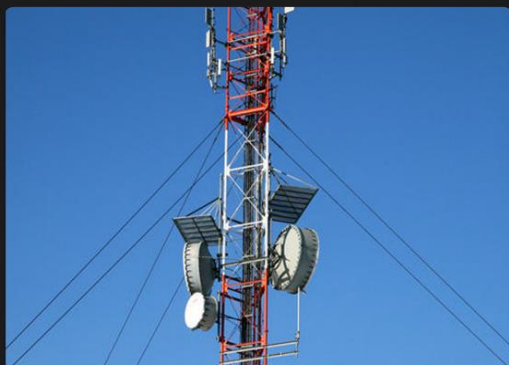

TELECOM OPERATORS

Last-mile and backhaul solutions for Internet service providers and operators Wi-Fi project.

WIRELESS SOLUTIONS FOR THE OIL & GAS INDUSTRY

PTP/PTMP network infrastructure that meets the needs of the world's largest industry

WIRELESS BROADBAND & BACKHAUL SOLUTIONS FOR WISPS

Discover a cost-efficient way to deliver high-speed wireless internet access to remote areas .

WIRELESS HOTEL & HOSPITALITY SOLUTIONS

Guarantee fast, safe, and reliable Wi-Fi in your hotel. Get in touch with Xtream now to get a customized quote for your hospitality Wi-Fi project

OUR SOLUTIONS

Full-fledge technology & operation

WIFI SOLUTIONS FOR SCHOOLS, UNIVERSITIES AND COLLEGES

Meet the Internet needs of your students and staff by providing safe wireless high-speed connectivity. Get in touch with us for custom-tailored campus Wi-Fi solutions

WIRELESS SOLUTIONS FOR CCTV VIDEO SURVEILLANCE

Take out the impracticalities of wired video surveillance by going wireless. Contact Xtream to receive customized solutions for safe, reliable, and high capacity wireless surveillance infrastructure.

INDUSTRIAL

Rugged, carrier-grade LigoPTP series devices are designed to meet the needs of industrial applications like oil and gas, mining, energy, shipping, and construction.

SMART CITY & CITY-WIDE WI-FI SOLUTIONS

Get in touch for any smart city & citywide Wi-Fi project: internet access & localized IoT network infrastructure solutions with an easy-to-use design, 1% RMA rate, & dedicated support.

OUR SOLUTIONS

Full-fledge technology & operation

WIRELESS SOLUTIONS FOR DISASTER RECOVERY

Video, Voice & Data Connectivity Solutions
Made for Rapid & Easy Deployment in Emergency Situations.

WIRELESS SOLUTIONS FOR TRAFFIC MANAGEMENT

Need a better traffic management network solution? Get wireless network gear for real-time traffic management from Xtream.

ENTERPRISE

A range of wireless devices delivering Internet connectivity to any type of enterprise in a private or government sector
